www.powerhawk-electric.com

We are one of the foremost manufacturers incorporating the latest technology and extensive features like high performance and zero maintenance. Designed for long reliable service life, our electrical equipments are easy to install and safe to use.

We conduct quality tests to ensure delivery of superior quality products. Our professionals offer reliable services for onsite installation and maintenance. The orders packaged and delivered timely at most competitive prices.

ST Power Series 45 KVA to 200 KVA

Features

- Double Conversion Online UPS
- Intelligent Microprocessor Control
- Wide input range
- True Galvanic Isolation
- Heavy duty Charger
- Cold start on Battery
- LCD Display
- Onboard self diagnostic system
- High Efficiency
- Compact Size
- True Sine Wave Output
- SNMP Compatible
- Suitable for 100% Unbalanced Load
- Suitable for Inductive Load

GL Series 10KVA to 45 KVA

Features

- High frequency and dual conversion on-line Technology
- Wide input voltage range
- Advanced PFC Technology
- True sine wave output with less than 3% THD
- Self-diagnosis at UPS startup
- Lightning and surge protections
- Fan Speed automatically changed
- EMI/RFI noise filter
- RS232 (SNMP optional)
- Shutdown & Restart schedule
- Digital Control Technology
- High Efficiency
- Suitable for Medical Equipments

Features & Benefits

- Double Conversion Online UPS
- Intelligent Microprocessor Control
- Wide Input Range
- True Galvanic Isolation
- Heavy Duty Charger
- Copied Start on Battery
- High Efficiency
- Compact Size
- True Sine wave Output
- SNMP Compactible
